Chase,

I spoke with MDEQ and my team as well yesterday regarding the Area 1 FS. I think we should have a conference call on 8/28 regarding some of our preliminary comments on the FS. We haven't compiled all of our issues and I haven't heard back from my legal side or my headquarters. I don't expect to hear anything from them until mid-Sept. However, we do have a few things we can discuss next week.

Why don't you set up a conference call for 8/28 at a time that works for you. I don't think we need more than an hour but you can reserve 90 minutes in case there is other discussion or other items we may want to discuss. I am just planning on having Jeff Keiser and I on the call from my team at this point.

Jim

Chase,

I have a couple conference calls with CH2MHILL and MDEQ today. However, I was able to have a quick call with Paul this morning and received an email this morning from Jeff Keiser. My initial thought is that we are not deep enough into the document where a face-to-face meeting will be helpful. I think we can do a short conference call. I'll get back to you later this morning or afternoon.

Thanks

Jim

Jim,

Have you had a chance to look at your schedule yet? We would like to go ahead and reserve the room if the 28<sup>th</sup> fits in with your schedule.
